

## Infusion Cockapoo Registration Application Form, Part I (a)

The requirements for Part Ia of this application are:

1. You must have no less than 18 months of prior ALAA accredited breeder membership before undertaking a parent breed infusion mating/application
2. You must have bred no less than four Australian Labradoodle litters under the ALAA and, if assigned, your mentor breeder is to ensure that you are able to easily identify the qualities essential to the Australian Labradoodle.
3. Photos standing both front and side (unedited),
4. Permanent identification,
5. Pedigree/Ancestry,
6. ALAA dog registration fee.

This Infusion process is currently open to Cockapoos. **NOTE:** Any breeder who breeds a parent breed infusion without completing Part I and Part II of the Parent Breed Infusion Application will have the litter rejected for registration & inclusion in the Australian Labradoodle breed and will be subject to disciplinary actions as outlined in the ALAA Late Fees, Fines & Suspensions.

**PLEASE SUPPLY EXTENDED PARENTAGE FOR EACH DOG** (Required, including registration numbers of all purebreds)

Pedigree/Parentage Attached;  Front & Side, Full Body Standing, Photos Attached;  Appropriate Dog Registration Fee Paid

**The information and vitals for the above listed dog are correct and true to the best of my knowledge. I agree that if Part 1(a) of my Parent Breed Application is approved that I will complete Part I(b) and Part II prior to breeding said dog, and under Part III, I agree to desex all offspring from this Dog that are not approved for use in the Australian Labradoodle breed by the Parent Breed Infusion Committee. I agree and accept the rules and regulations the ALAA has set forth and understand that non-compliance in any area will result in severe penalties.**

**Signed:** \_\_\_\_\_ **Date:** \_\_\_\_\_

**Once Part I(a) and Part I(b) or the Parent Breed Infusion Application have been received, the ALAA will make consideration as to the proposed dog and information provided. In the event that any of the required documentation is not provided, the result will be automatic denial.**

## Cockapoo Registration Application Form, Part I (b)

If Part I(a) of the Parent Breed Application has been approved, you will now need to submit Part I(b) of the Parent Breed Application. Part I(b) of the Parent Breed Application is solely based on DNA profile being completed and submitted along with acceptable health scores. The ALAA strongly recommends that breeder breed with the current breed average or better. The requirements for Part II of this application are: (1) DNA Profile submitted (through ALAA DNA Centre) (2) Hip scores (3) Elbow scores (4) OFA Patella certification (5) CERF exam (6) PRA-pred testing or clear by parentage (7) vWB testing or clear by parentage (8) Thyroid results. **NOTE:** Any breeder who breeds a parent breed infusion without completing all parts of the Parent Breed Infusion Application will have the litter rejected for registration & inclusion in the Australian Labradoodle breed and will be subject to disciplinary actions as outlined in the ALAA Late Fees, Fines & Suspensions.

NAME OF DOG: \_\_\_\_\_ DOB: \_\_\_\_\_ DNA PROFILE# \_\_\_\_\_  
CURRENT HEIGHT (INCHES) \_\_\_\_\_ CURRENT LENGTH (INCHES) \_\_\_\_\_ CURRENT WEIGHT (LBS) \_\_\_\_\_  
DATE PART I (B) PARENT BREED INFUSION APPROVAL WAS RECEIVED: \_\_\_\_\_

### PLEASE SUPPLY THE FOLLOWING HEALTH TESTING RESULTS:

CERF Attached  Hip Results Attached  Elbow Results Attached  
 PRA Results Attached (or clear by parentage)  OFA Patella Results Attached  DNA Profiling Attached  
 vWB Results Attached (or clear by parentage)  OFA Thyroid Results Attached

**The information for the above listed dog is correct and true to the best of my knowledge. I agree that if Part I is approved by the ALAA, I will submit Part II for this dog for each time this dog is bred PRIOR to breeding the dog. I also agree that I will complete Part III for all litters bred from this dog and to desex all offspring from this Dog that are not approved for use in the Australian Labradoodle breed by the ALAA before they leave my property.**

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

Once Part I (A) and (B) of the Parent Breed Infusion Application have been received, the ALAA will review the health and genetic testing provided along with the photos and pedigree to determine eligibility of said dog. In the result that any of the required documentation is not provided to the ALAA, it will result in an automatic denial. All planned pairings/breedings must have prior approval before mating occurs.
