

Parent Breed Infusion Application Form (Part III)

Now that Part I and Part II of your Parent Breed Infusion Application is approved we look forward to hearing from you when your litter/s has been born. You will be required to submit all entire offspring from the sire and dam approved for consideration and acceptance into the Australian labradoodle Breed. Sire _____ Dam _____

Once your litter/s have been born you will need to submit the following required form no later than 12 weeks from DOB. The requirements for Part III of this application are:

- (1) Photos standing both front and side of entire puppies (unedited)
- (2) Permanent ID on entire puppies
- (3) Desex certificates for the remainder of the litter
- (4) Regular ALAA registration fees for the litter and puppies. This applies to any and all offspring being left entire out of the above, approved dog (not more than three).

NOTE: Any breeder who does not submit Part III of the application by the 12th week birthday of puppies will be subject to disciplinary actions as outlined in the ALAA Late Fees, Fines & Suspensions and may have the litter rejected for registration with the ALAA.
